May 6th –Thurs

Eid Break
May 10-May 14

May 20th –Thurs

May 27th –Thurs

June 3rd _Thurs

June 10th _Thurs

Dear Parents,

We are excited to let you know that your child is interested in joining our after-school Gardening Club conducted by Raana Azam and Sr Saffiyah. ✓

The mission of our school is to give opportunity to every child to learn in different ways and also to prepare them to share and model values of the Prophetic vision as a way to become visionaries themselves.

This is also the goal of our after school gardening club. We want the students to get connected with nature, feel it, and learn to protect and improve it through different ways. We want them to understand the value of pleasant environment and healthy eating habits while developing a vegetable garden and fruit orchard.

Most of the time, students will be working outside doing different activities. Along with growing vegetables, taking care of trees and plants, they will also learn how to turn empty plastic soda bottles into beautiful flower and herb containers. There will be many more activities.

Parents are most welcome to participate in developing vegetable garden in our school. Please feel free to give suggestions and expert advice.

Students will be working with plants, soil, and water. Please send back the permission slip and notify if your child has any allergies.

I hope to see all the students who have signed up for the gardening club.

Thank you.

Items required for the Gardening Club

- Gardening gloves

- Small spade

- Old loose shirt to wear over the uniform while working

- Vegetable seeds and plants to grow

- Empty 1 liter bottle

- Any other gardening materials
